## ABOUT BEN

**Ben Halpert** is a man on a mission: to educate and empower today's digital citizens in the workplace, at schools, and at home. By day, he is the VP of Risk and Corporate Security at Ionic Security Inc. bringing his global experience in Risk Management, Cyber Security, Physical Security, Audit, Privacy, and Compliance to the world's most innovative data protection company on behalf of its' customers. By night, he champions cyber ethics education throughout society via the 501(c)3 nonprofit Savvy Cyber Kids he founded in 2007.

Ben is a National Association of Corporate Directors (NACD) Board Leadership Fellow, a Certified Chief Information Security Officer (CCISO), a Certified Information Systems Security Professional (CISSP) and was awarded CISO of the Year in 2015 by EC-Council for his leadership at Ionic Security Inc. Ben is an advisor and investor in numerous cyber ventures. Ben serves as a trainer for chief information security officers around the globe. Ben also writes a monthly column for WORTH that blends cyber security advice for busy professionals, their families and their organizations. Ben is honored to speak and keynote at conferences and events worldwide. Ben was invited to publish *Auditing Cloud Computing: A Security and Privacy Guide* through John Wiley & Sons. Ben was a contributing author to *Readings and Cases in the Management of Information Security* and the *Encyclopedia of Information Ethics & Security*.

## ABOUT SAVVY CYBER KIDS

Seeing a void in the conversation about online safety and cyber ethics for young children, Internet security expert, Ben Halpert, launched Savvy Cyber Kids in 2007. What began with the Savvy Cyber Kids at Home book series evolved into a platform of educational offerings, the Savvy Cyber Kids cyber ethics programs for, parents, teachers, school administrators and students from preschool through high school. Savvy Cyber Kids provides educators with the know-how to be positive influences in young people's digital lives.

## TOPICS

Ben Halpert, noted speaker and author of the Savvy Cyber Kids at Home Book Series, is available to offer an expert voice tailored for parents, children, educators and professional audiences on a wide variety of cyber security and ethics topics including:

- Personal internet safety
- Bully response
- Technology balance
- Digital reputation
- Privacy
- Technology education
- Digital parenting tips
- Caregiver technology know-how
